Professional World Class Vehicle Cleaning & Maintenance Products

## [AN INTRODUCTION TO BATCH PRODUCTS]

Batch Products is an Australian owned company that manufactures its own range of high quality automotive and industrial cleaning products.

Batch Products' commitment to quality is backed by ongoing investment in the most up-to-date manufacturing facilities. Our highly skilled lab technicians and product directors, continuously keep in touch with the latest market trends to ensure we offer our customers the finest range of high performance and environmentally friendly cleaning products.

All products manufactured by Batch Products are made strictly to formula using the highest standards of quality control – of both raw materials and finished products – because Batch Products guarantees the quality of all its products.

When dealing with Batch Products you are dealing directly with the manufacturer. Additionally, as a result of our quality stock control procedures we are able to offer delivery within 24–48 hours within the Melbourne metropolitan area.

Most of our products are formulated to be multifunctional and can be utilised for multiple cleaning tasks. We do this because with 20 years' experience we understand your cleaning needs.

Batch Products is equipped to also contract manufacture for individual clients – from all different industries even those customers who might have special requirements. We can offer extra incentive through volume discounts over and above our already competitive pricing.

Batch Products has a focus on compliance with Occupational Health and Safety requirements (OH&S), quality assurance and manufacturing products that are environmentally conscious.

We believe we can meet your requirements, and go above and beyond, due to our expertise and professionalism within the automotive and industrial industries.

## [OUR PROPOSAL]

Occupational Health and Safety is of the utmost importance to us and we pride ourselves on being committed to ensuring our clients are informed with the latest legislation regarding OH&S. We provide a comprehensive OH&S training course and have a full range of Product Application Charts, Material Safety Data Sheets and a complete range of labels for your applicator bottles and sprayers.

### Our Objectives

We can reduce overall costs of inventory and consolidate the number of creditors for your group of products

- Reduce the hazardous chemical inventory including the risks and costs associated with repacking a site
- Improve OH&S procedures including Material Safety Data Records, Operational and First Aid Charts and Labelling.

### How We Achieve Our Objectives

- We currently stock a range of products that meet OH&S standards
- We offer free in-store delivery
- We offer the alternative of non-hazardous products to replace many hazardous ones
- We will install chemical dispensing systems to accurately dispense chemicals to reduce costs and the risk of dangerous chemicals being handled by your staff
- We will provide two sets of Material Safety Data Manuals, Directional and First Aid laminated charts and decanted product labels will be provided for easy reference in the event of an accident.

## [OH&S WORKCOVER TRAINING]

Product training is an ongoing part of our service, as we aim to help our clients prevent workplace accidents. We have developed a training workshop that is designed to assist you and your staff meet the obligations under the current OH&S Act – such as understanding how to safely use and store hazardous and dangerous substances.

This area is becoming increasingly policed and it is the legal obligation of employers to train their staff in work safe practices. These practices are varied and require a level of expertise that cannot be fully covered by the employer. Evidently, our aim is to create greater awareness in the correct use, handling and understanding of the chemicals to avoid the risk of accidents.

Our Hazardous Substances and Dangerous Goods Training Workshop follows the guidelines set out by WorkCover and covers the following issues:

---

How to classify dangerous chemicals including a breakdown of chemicals used in our products such as acids, alkali, solvents and pH

---

How to recognise the vital information on a Material Safety Data Sheet in the event of an accident.

---

What precautions to take, such as correct handling, storage procedures and safety wear, to avoid an accident

---

Employee and employers' obligations in regards to the use of hazardous substances set out by WorkCover

---

How to recognise the vital information on a product label before using a hazardous product

---

How to execute emergency procedures (in conjunction with your OH&S representative).

## [SUSTAINABILITY STATEMENT]

Sustainability is a central element in our claim to produce professional world-class vehicle cleaning and maintenance products. Batch Products is the one providing innovative solutions that help to make our lives more sustainable, healthier, and more efficient.

As a specialty chemicals company with a presence throughout Australia, Batch Products sees corporate responsibility and long-term business success as two sides of the same coin. That is reflected in the rising demand from our customers for products and services that demonstrate a good balance of economic, ecological and social factors. Sustainability has long since developed into a growth driver for Batch Products.

Through our innovative capability and leading technology positions, we empower our customers to offer a broad range of resource-efficient solutions. Sales generated by our chemical segments come from products that make a measurable contribution to improving the resource efficiency of their applications. To reduce Batch Products carbon footprint still further, we are continuously optimising our processes along the entire value chain. We use alternative raw materials and biotechnological methods wherever this is possible.

## VEHICLE CLEANING

Batch Products vehicle cleaning products are perfect for use in all vehicle environments and deliver speed, ease of use and supreme results in a cost-effective manner ensuring an unrivalled performance.

# VEHICLE CLEANING

## [DEGREASERS & TRAFFIC FILM REMOVERS]

### **Royal Red** – NEXT GENERATION DEGREASER

This Product has advanced cleaning and degreasing properties. Its sophisticated formula out-performs all other cleaners and degreasers on the market. It has outstanding dilution rates due to its highly concentrated levels.

### **G1000** – ENVIRONMENTALLY FRIENDLY

This product is the latest in heavy-duty cleaners and degreasers containing natural citrus solvents. It is formulated to remove grease and oil from engines, wheels and concrete. G1000 is non-caustic and environmentally friendly.

### **Powermax** – SUPER CONCENTRATED

Ultra-efficient and economical across a wide variety of cleaning applications. Uses an advanced surfactant / detergent system to deliver high powered cleaning without dulling painted surfaces.

### **Citrus Safe** – CITRUS BOOSTED

This product is the most concentrated citrus cleaner on the market. Its powerful and safe formula is a great all-round product and can be used as a degreaser, or as an interior and fabric cleaner.

### **Powerkleen** – ECONOMICAL & HIGH PERFORMING

This high-performance cleaner and degreaser, ideal to penetrate and dissolve the heaviest grease and oil.

### **Oil-X** – SOLVENT BASED

A solvent-based heavy duty degreaser specifically formulated to remove grease and oil from engines, motors and machinery. It's strong enough to clean tar and asphalt from painted surfaces without harming the paintwork.

## [HYDROCARBON DEWAXERS]

### **Stripper 10** – REMOVES PETROLEUM WAXES

A powerful solvent-blend dewaxer for hot water pressure systems and the removal of the hardest petroleum waxes.

**SAVE UP TO**  
**80%**  
ON YOUR CHEMICAL  
CONSUMPTION

By using Batch Products convenient chemical dilution equipment, you will save you up to 80% on chemical consumption which ultimately prevents waste and reduces unwanted spending.

## [FALLOUT REMOVER & OVERSPRAY]

### **Purple Haze** – FALLOUT REMOVER

Purple Haze Fallout is an intensive iron remover that safely and effectively removes any iron contamination or fallout on your exterior vehicle surfaces. Purple Haze targets and dissolves these bits of stubborn contaminants, and allows them to be safely removed from your vehicles paintwork. The advances reactive formula specifically focuses only on iron-based contaminants. It is suitable to be used on all exterior surfaces such as paintwork, aluminium, magnesium, stainless steel, anodised finishes, chrome, glass, plastic and even rubber.

### **Overspray Clay** – FALLOUT REMOVER

Removes paint overspray and fallout from car paintwork, plastics and glass. Excellent for the removal of tree sap residue.

### **Overspray & Fallout Mitt** – POLYMER TECHNOLOGY

This system works fast and achieves a professional result due to its new advanced rubber polymer technology (instead of clay bars). It removes paint overspray, water spots, tree sap, rail dust and other bonded contaminants from car surfaces.

## [AUTOMATIC CAR WASHES]

### **Foam Brush** – HIGH FOAM, HIGH CONCENTRATION

This product comprises a special blend of surfactants that produce a foam blanket that rinses away easily. Ingredients provide lubrication for roller brush filaments.

### **Weather Shield** – CONTAINS WAX & DRYING AGENT

Weather Shield is a drying agent and wax in one. Weather Shield protects and repels water, dirt and contaminants for an unrivalled protection and shine.

## [CAR, BUS & TRUCK WASH]

### **One Step** – LOADED WITH WAX

A unique 3 in 1 car wash fulfilling three wishes at once, wash, gloss and protection. Batch Products is the first to succeed in unifying these active products together for a supreme finish.

### **Wash'n'Glow** – WASH & WAX CONCENTRATE

Wash 'n' Glow is a high foam, high wax formulation. It also contains a special drying agent which ensures the treated surface to have a stain and residue finish.

### **Verry Berry** – ECONOMICAL CAR WASH

Verry Berry is a silicone-free wash and wax car shampoo, which cleans and shines paintwork in on easy action.

### **Reaction** – IDEAL FOR TRUCKS & BUSES

A heavy duty, high foaming, non-streaky detergent great for washing trucks, buses, food transport vehicles and cars. It contains traffic wax to repel further grime penetration.

### **Power Safe** – TRAFFIC FILM REMOVER

Designed to clean cars, trucks and buses, this product has been specially formulated to clean dirt from painted surfaces, brake dust from wheels; plus oil and grease from chassis and engines. Power Safe contains a traffic wax to repel further dirt penetration leaving a water resistant, shiny finish.

### **Bike Safe** – NON-CORROSIVE, SUPER CONCENTRATED

Motorcycles contain surfaces that can be damaged by solvent and alkaline-based cleaners. Batch Products has developed an easy-to-use multi-purpose, wash and cleaner, to spray over the entire motorcycle body to remove stubborn traffic film, salt, brake dust and grease to keep your motorcycle in an immaculate condition.

## LATEST TECHNOLOGY IN SNOW FOAM

### **Snow Blast** – PH NEUTRAL

Snow blast is the result of extensive in-house research. Our formula will significantly reduce the possibility of damage to paintwork by breaking down stubborn dirt and road film. Snow Blast is a new generation of pH neutral, water-based foam wash which is safe to use on pre-waxed, polished and coated surfaces.

### **Snow Foam** – LOW ALKALINE

Unlike the majority of alkaline cleaners, Snow Foam is a non-corrosive highly concentrated foam cleaning detergent which has exceptional soaking power to safely clean all types of vehicles. It is easy to rinse and leaves a water repellent, shiny finish. Snow foam delivers a visual foam blanket making it ideal for car and truck cleaning. Clinging foam assists in cleaning performance for removal of traffic film, bug splatter, grease and oil. Contains high gloss enhancers.

### **Snow White** – ADVANCED CLEANING TECHNOLOGY

The most concentrated foam available. Snow White creates a clinging, long-lasting and high-density foam with hyper surfactants to penetrate through grease, grime and static dirt. Snow White contains polymer gloss enhancers for an unbeatable shine.

# VEHICLE CLEANING

## [WHEEL CLEANERS]

### **Kleen Wheels** – SAFE & EASY TO USE

A revolutionary non-acidic wheel cleaner for the easy and safe removal of ingrained black brake dust.

### **Wheel Brite** – POWER WHEEL CLEANER

Wheel Brite is a highly concentrated, super powerful high foaming wheel cleaner. It is ideal for alloy wheel cleaning and aluminium brightening as it cleans and brightens in one motion.

### **Wheel Power** – LOOSENS AND DISSOLVES

Wheel Power is a super-strength acid free concentrated wheel cleaner. Wheel power is highly effective at loosening and dissolving brake dust and grime from heavily soiled wheels.

### **Full Effect** – LOW HAZARD

Full Effect is a water based organic acid cleaner specifically designed for removing brake dust build-up and other soils from all types of wheels and aluminium components. It is widely used for vehicles where brake dust is highly prominent.

### **Mag 555** – POWERFUL ALUMINIUM BRIGHTENER

A powerful acidic wheel cleaner with foaming action for rapid removal of ingrained black brake dust from wheels and wheel trims. This is an excellent aluminium cleaner.

### **Purple Haze** – PH NEUTRAL, ACID-FREE

Batch Products continues with their innovative product designs for the needs of amateur and professional detailers with this fast-acting brake dust cleaner creating Purple Haze – making which has become one of the quickest acting wheel cleaners on the market to date! The powerful blend of road grime surfactants and active brake dust dissolving agents turns brake dust purple and road grime brown, as it gently loosens these stubborn contaminants. Acid-free and pH neutral, It's safe on all types of wheels even your paintwork.

## [GLASS CLEANERS & WINDSCREEN ADDITIVES]

### **Spotless** – REMOVES RESIDUE, FILM AND SPLATTERS

This glass cleaner concentrate is the latest in nanotechnology easily removing vinyl fog residue, smoke film and bug splatters, producing crystal clear streak-free glass.

### **See More Windscreen Additive** – PROTECTS WIPER RUBBERS

This product removes dirt and insect debris stuck on windscreens. See More has specialised ingredients to prevent smearing; plus contains lubricant properties to preserve and protect windscreen wiper rubbers.

### **Clear Image** – CLEANS IN ALL WEATHER CONDITIONS

Alcohol-based glass cleaner that cleans equally well in hot or cold conditions.

### **Glass Glow** – ALL-IN-ONE CLEANER & POLISH

A superior glass polish cleans and polishes, in one action, leaving a protective coating for water flow.

### **Wipe Out** – WATER SPOT REMOVER

Wipe Out Water Spot Remover for glass removes stubborn hard water spots and stains from any exterior glass surface. Powerful mineral-dissolving agents scrub away sun-baked sediments and salt spray. Wipe Out Water Spot remover restores clarity and optimum visibility.

## [SOLVENT BASED CLEANERS]

### **Batchsol** – SAFETY SOLVENT

A highly refined cleaning solvent.

### **Solwash** – FAST EVAPORATING

Will quickly and effectively remove dirt, oil and brake dust from brakes, clutches engines and electrics. Evaporates completely after use leaving no residue.

## [TYRE DRESSINGS]

### **Tyre Gloss** – HIGH GLOSS

A clear silicone dressing formulated for tyres, vinyl and rubber.

### **Brilliance** – RESIN TECHNOLOGY

Brilliance has advanced resin technology, creating a glossy coating that bonds to the tyre delivering a long lasting, weather resistant shine.

### **Unigloss** – NON-FLICK

State-of-the-art tyre and rubber dressing, which does not flick or leave tyre causing splatter on vehicle bodies.

## [INTERIOR CLEANERS]

### **Extraction 1** – ANTI-STATIC INTERIOR SHAMPOO

A highly concentrated extraction liquid, containing fabric conditioners and optical brighteners that will leave carpet interiors stain-free. It also acts as a sanitiser and disinfectant.

### **Stains Off** – SPOT CLEANER

A solvent carpet spotter that removes grease, oil and ink from carpet, fabric and upholstery.

## [INTERIOR & EXTERIOR CONDITIONERS]

### **Super Static (Aerosol)** – SATIN GLOSS FINISH

An instant aerosol dressing for all interior plastic, vinyl trim, dashboards and consoles. Super Static leaves a dry matt finish.

### **Static Trim (Aerosol)** – GLOSS FINISH

An instant aerosol dressing for all interior and exterior plastic, vinyl trim, dashboards and consoles.

### **All Sheen** – NON-SILICONE

A silicone-free instant dressing for all interior and exterior plastic, vinyl trim, dashboards and consoles.

### **Leather Care** – DEEP RICH SHEEN

Your leather will look and feel the way it was intended: soft, supple, and moisturised. It even has a natural leather fragrance! Leather Care also contains gentle cleaners that lift stains and soil out of the pores.

### **Tar Off** – FAST-ACTING

A fast acting solvent-based tar and adhesive remover. Contains emulsifiers so it can be easily rinsed off.

### **Adhesive Remover** – LOW ODOUR

Removes adhesives and many other sticky substances safely from almost any surface without damage.

### **Endurance** – WATER-BASED TYRE GEL

Endurance tyre gel has special polymers that dry leaving a waterproof and weather resistant finish which delivers a rich, dark, high gloss finish to tyres with virtually no sling or spin-off.

### **All Sheen** – BODY SHOP SAFE

A water based, non-greasy tyre and interior dressing, which dries to a natural sheen. Body Shop Safe.

### **Tyre Foam (Aerosol)** – HIGH GLOSS TYRE FOAM

Dissolves dirt and road film and leaves a glossy shine. Just spray on and walk away. No wiping required!

### **Multikleen** – 1000+ USES

A 3 in 1 cleaner that will safely clean carpets, vinyl and all interior fittings leaving no harsh solvent smells.

### **Interior Foam Cleaner (Aerosol)** – HIGH FOAM

A high foaming cleaner that contains a balanced blend of active ingredients to clean dirt and grime from fabric, seats, carpets and interior roof linings.

### **Re-Glow** – SURFACE REJUVENATOR

An universal plastic and dashboard dressing that revitalises the appearance of vinyl leather and rubber.

### **PVR** – PLASTIC VINYL RUBBER CREAM

Specially formulated product for use on all type's bumpers, plastics and rubbers. PVR rejuvenates and bring back a natural finish.

### **Plastic Magic** – HIGH GLOSS, LONG-LASTING

Exterior plastic & bumper gel renovator for rapid restoration of all exterior plastics, bumpers, door strips, mirror casings. Gives 'as-new' gloss appearance. Non-tack, long lasting finish

### **LPC** – DEEP, GENTLE CLEANER

Leather & Plastic Cleaner restores "like new" appearance to leather, plastic and vinyl surfaces. Its special penetrating formula cleans all the way down to the pores and leaves surfaces clean and film-free.

## POLISHES & COMPOUNDS

The New Millennium range of polishes contain no volatile silicones and are body shop approved.

## [POLISHING]

### **Luminous** – SYNTHETIC SPRAY WAX

Luminous spray wax has been developed with hydrophobic polymer technology to produce a supreme deep gloss. It is easily sprayed on and wiped off.

### **Last Detail** – CONTAINS CARNAUBA WAX

A sprayable carnauba wax that is quick and easy-to-use even on hot and dusty surfaces. This is a superior product that leaves a deep and natural long lasting finish on surfaces like paintwork and plastics. Wiping off with a Batch Products' soft polish towel is highly recommended for best results.

### **Spray Cleaner & Polish** – NO WATER REQUIRED

A quick and easy method for removing road grime, bugs, dust, dirt and the dullness associated with ozone-induced oxidation. It will restore painted surfaces to a showroom shine, without the use of water or harsh cleaners.

### **Pure Finish** – UNMATCHED DEEP GLOSS FINISH

Designed by detailers for detailers. Pure Finish has a unique formulation that removes swirls, holograms and light paint defects. The extremely fine nano-particles guarantee an outstanding final finish with unmatched deep gloss.

## [FINISHING COMPOUNDS]

### **Ultra Glaze** – DIMINISHING ABRASIVE TECHNOLOGY

Ultra Glaze is Batch Products most versatile finishing & swirl remover Compound that can be used to remove holograms, light defects or haze to produce a high gloss finish.

### **Express Wax** – EASY APPLICATION

Formulated to produce a high gloss long-term protection on all painted surfaces.

### **Fast Wax** – P.T.F.E PAINT PROTECTION TECHNOLOGY

Our premium grade car polish contains P.T.F.E for longer paintwork protection. This product has excellent detergent resistance, does not cause dust, contains a high water beading feature and leaves a lustrous shine.

### **Deep Shine** – HIGH GLOSS POLYMER POLISH

A revolutionary synthetic polymer engineered to eliminate fine swirls creating a deep, dark and rich shine.

### **Dazzle** – METAL POLISH

Dazzle is specially formulated for easy application, long lasting durability and high-quality shine. Dazzle contains high-quality abrasives, advance cleaners and sealers. Dazzle will safely, shine and protect all metal surfaces.

### Body Shop Extras

- Superglue
- Polishing rags
- Surface blend
- Buff pads
- Microfibre cloths
- Chamois
- Extra fine filler
- Zinc spray aerosol
- Cavity wax aerosol
- Pump spray bottles
- Matt black aerosol
- Gloss black aerosol
- Wheel silver aerosol

### **Intensive Polish** – DESIGNED FOR DARK COLOURS

An intensive polish that uses specialised European technology. This super fine compound removes swirls and light scratches on dark coloured cars with an exceptionally high gloss finish.

## [CUTTING COMPOUNDS]

### **Power Cut** – REMOVES P1500 ABRASIVE MARKS

A revolutionary heavy cutting compound that removes deep scratches with minimal swirls. This paste will remove P1500 abrasive marks in seconds whilst leaving a brilliant shine.

### **Fine Cut** – ONE-STEP COMPOUND

Specially designed for scratch resistant, clear coats. This product is less abrasive, but will generate a higher gloss finish even on dark colours.

### **Ultimate Cut** – HIGH CUT, HIGH GLOSS

A super fast, heavy cutting, low swirl compound for the removal of deep scratches and oxidised paint. One of the only compounds on the market that has high cutting capabilities whilst leaving a superior gloss finish.

## TOP SELLING COMPOUND

### **Pure Cut**

#### – NEXT GENERATION PERFORMANCE COMPOUND

Pure Cut is an innovative cutting compound designed to remove scratches and swirls while leaving a glossy finish on light and dark coloured painted and clear coated surfaces.

## WORKSHOP SUPPLIES

Batch Products has all your workshop needs covered from Air Conditioner Disinfectant to Silicones. Batch Products stocks popular brands such as Bluechem, Car – Rep, Cyclo, Forch and Orapi, this means Batch can supply products that not only deliver outstanding results but also offer value for money.

# WORKSHOP SUPPLIES

## [WORLD CLASS AEROSOL RANGE]

### **Anti Seize** – LUBRICANT FOR BRAKES

Specially created for thermal reactions. Use to prevent seizing, corrosion, wear caused by chemical, atmospheric or thermal reactions and ensures the permeate protection against rust and oxidation. Anti-Seize significantly facilitates assembly and dismantling of metal parts, reducing downtime and maintenance manpower.

### **Battery Terminal Protector** – PREVENTS CORROSION

This strong water repellent coating will protect battery terminals and other electrical connectors against corrosion, drops in voltage to lengthen battery life.

### **Battery Terminal Cleaner** – REMOVES CORROSION

An unique and effective product suitable for use on all types of batteries. It dissolves the acid deposits on battery terminals – foaming action allows penetration and emulsification of dirt and grease deposits – plus detects acid leaks or acid formation. The yellow foam turns pink in acid media, neutralising the acid build-up, the additives in the formula raise the acid pH to a neutral level.

### **Brake & Parts Cleaner** – DRIES FAST, NO RESIDUE

This product quickly and effectively removes brake dust, grime and brake fluid build-up to enable the brakes to function properly without any mechanical hindrance. This non-chlorinated product dries fast without leaving any residue and can also be used to clean electrical components such as alternators and contacts (also available in 20ltr).

### **Carburettor & Throttle Body Cleaner**

#### – REMOVES HEAVY CARBON BUILD-UP

A heavy-duty, non-chlorinated cleaner specifically designed to attack dirt and fuel-related gum varnish and carbon deposits, which are commonly found on carburetors and TBI units. Oxygen sensor and catalytic converter safe, meets and exceeds OEM service requirements (also available in 20ltr).

### **Copper Grease** – HIGH-TEMPERATURE LUBRICANT

A high-temperature lubricant to avert the fusion, seizing, rusting or thread distortion of parts. A must-have for all exhaust and manifold fittings.

### **Curtain Track Lube** – FOR A SMOOTH CURTAIN GLIDE

An anti-static formulation to ensure curtain rollers on trucks and trailers work smoothly and reliably. Suitable for curtain side track rollers, channel lubrication, ensures smooth curtain operation without excessive drag and helps reduce roller wear for longer life.

### **Electrical Contact Cleaner** – QUICK DRY

Quickly and effectively dissolves and removes oil, dirt and oxidation build-up on all types of electrical contacts, switches, terminals and connectors. Its easy-to-use aerosol format and extension tube allows for direct and precise application to affected areas even in hard to reach places. Electrical Contact Cleaner dries quickly and leaves no harmful residue.

### **HPL 4000** – DURABLE ADHESIVE LUBRICANT

A super-penetrant lubricant and protectant spray that provides all the necessary characteristics of penetration, lubrication and protection to all types of metal surfaces, threads and sliders. The synthetic components ensure the product functions in extremes of heat and cold.

### **Industry Cleaner** – REMOVES STICKY RESIDUES

Quickly removes chewing gum, adhesive, labels and graffiti; plus it removes heavy soiling from fabric and hard surfaces.

### **MPL 1000** – LUBRICATES, PENETRATES & PROTECTS

A multi-purpose lubricant that will penetrate rust, lubricate surfaces and parts that are tight and binding, plus it repels moisture from surfaces. This product meets and exceeds OEM service requirements (also available in 20ltr). Suitable for automotive, marine, shop and household applications.

### **No Squeak** – FOR USE ON DISC BRAKES

Effectively eliminates disc brake squeaking caused when brake pads slip.

### **Silicone Spray** – LUBRICATES & PROTECTS

A cost-effective aerosol product, excellent for treating and maintaining rubber door mouldings, beautify and protect rubber and plastic bumpers; and eliminate squeaks. Suitable for automotive, home, marine and shop uses. It also acts as a waterproofing agent and meets OEM Service Requirements (also available in 20ltr).

### **Purity** – KILLS GERMS

Kills bacteria and fungi build-up and effectively removes bad odours and animal smells. The healthiest and most effective way to kill germs and odours in all air conditioning systems.

## [WORLD CLASS AEROSOL RANGE] *Continued*

### **Spray Paint** – MADE IN FINLAND

Our spray paint range includes: Gloss and Satin Black, Gloss White, Yellow, Red and Wheel Silver.

### **Rubber Care** – MAINTAINS & PROTECTS

A high slip, long-lasting lubricant that is highly effective on door rubbers, window channels, steering columns and pedal shafts. Rubber Care maintains and protects the life of all rubber components.

### **White Lithium Grease with Teflon**

#### – GREASE LUBRICATOR

An easy-to-use aerosol format White Grease is a multi-use grease lubricant that will provide the following benefits: ease of application, light even coating, white colour, non-splatter formula, resistance to washout, rust and corrosion protection; and no product sag depending on coverage thickness.

## TOP SELLING AEROSOL PRODUCT

### **Rust Breaker with Ice**

#### – BREAKS THROUGH RUST EASILY & QUICKLY

A specialised product that works by using a freezing/micro-cracking action on an affected area or surface. The freezing effect causes surface rust to crack and break away, which then allows the penetrating oils to reach deeper into the affected areas, seized parts are loosened quicker to reduce the risk of further damage to the affected area.

#### KEY BENEFITS

Fast Acting

Highly Concentrated

Low Odour

## [FLOOR CLEANERS]

### **Floorsmart** – SUITABLE FOR PAINTED FLOORS

Floorsmart is a heavy duty, low foam floor cleaner suitable for machine use. This product can also be used as a pre-spray degreaser on stubborn grime, dirt and grease.

### **Floorpower** – SOLVENT BOOSTED

A highly concentrated multi-purpose solvent based floor cleaner for workshop floors. Non-hazardous and highly effective.

### Workshop Extras

- Superglue
- Plastic seat covers
- Paper floor mats
- Windscreen additive
- Workshop rags
- Mop buckets
- Floor mops
- Heavy-duty workshop brooms
- Latex, vinyl and nitrile gloves

## HAND CLEANING

Batch Products' hand cleaners use quality ingredients that deeply cleanse and protect the skin against dryness and dermatitis. Our premium hand cleaners have a unique "after-feel" that is proof of the quality ingredients used in our formulas.

## [INDUSTRIAL HAND CLEANERS]

### **Protect Plus** – GENTLE ON HANDS, STRONG ON GREASE

A solvent-free, heavy-duty hand cleaning paste containing wood flour as an abrasive to be gentle on hands, but easily removes tough grease and grime.

### **Active Force** – NATURAL OLIVE CORE SCRUBBERS

Active Force hand wash is fully environmental friendly. Designed with all natural olive core scrubbers and a 100% biodegradable packaging.

### **Handex** – LIQUID HAND SOAP

A neutral pH, petroleum and solvent-free hand cleaner designed to clean medium to heavily soiled hands. It has an antiseptic to prevent industrial dermatitis and leaves hands soft and clean.

### **Active Ultra** – REMOVES PAINT FROM HANDS

Active ultra is an anti-bond adhesive and paint remover designed to clean the skin when regular hand wash won't do the job.

## TOP SELLING HAND CLEANER

### **Soft Hands** – HEAVY DUTY CLEANING

The latest in non-solvent hand cleaning. Soft Hands has no competitors leaving all other products in its wake. Not only does this product out perform all other hand cleaners on the market, it has excellent skin compatibility. Soft Hands is a unique product as it contains a special blend of surfactants to clean the heaviest soiling from hands whilst leaving the skin feeling very soft.

#### KEY BENEFITS

Gentle on  
Hands

Solvent Free

Cuts through  
Grease

## [BEFORE & AFTER WORK HAND CARE]

### **Before Work Cream** – BARRIER CREAM

Protecting the skin from harsh chemicals, irritants, and sanitisers is an important step for maintaining skin integrity and protect yourself against occupational skin diseases. Batch Product Before work cream aid in washing hands and are a pro-active step to protect and maintain a healthy skin.

### **After Work Cream** – MOISTURISER

Restoring the skin to its natural state of health is fundamental to maintain a healthy skin. It helps to prevent dermatitis and skin disease. Skin that's continuously exposed to harsh chemicals, abrasive material or drying elements becomes depleted of its natural moisture and integrity. Damaged or dry skin becomes a weakness to the body, allowing contaminants to penetrate through the skin. Prevent possible body harm or illness by restoring the skin to its natural state through the regular use of a moisturising after-care product.

# HAND CLEANING

## [HAND CLEANER DISPENSER SOLUTIONS]

### Total Skin Care 3 Board

Batch Products specifically designed our 3 Board system to deliver the right amount of product every time, minimising overuse and wastage.

The Batch 2000 Wall Dispenser dispenses the exact amount necessary to clean even the dirtiest hands with a single wash.

Before & After Work Dispensers are designed to apply a small concentrated amount of barrier cream or after work cream to protect the hands before you start work and or restore the skin to its natural state of health.

### Our Hand Cleaning Dispensers are manufactured to:

- Reduce dermatitis by cutting out cross-contamination
- Cut costs
- Provide over 600 hand washes per dispenser refill
- Be low-maintenance
- Be robust and easy to clean

## WASHROOM & CLEANING PRODUCTS

Cleaning Performance without compromise. Batch's Washroom & Cleaning Products deliver new and innovative commercial cleaning product technologies that are based on proven formulations.

# WASHROOM & CLEANING PRODUCTS

## [PREMIUM DISHWASHING]

### **Energy** – ENZYME TECHNOLOGY

A premium low foaming, powder detergent for dishwashing machines. Removes the toughest stains from all cutlery and glassware.

### **Apple Fresh** (Apple fragrance) – SUPER CONCENTRATED

A neutral pH, high foaming dishwashing detergent ideal for sink washing. This biodegradable product is formulated to clean pots, pans, cutlery, dishes, glassware and utensils.

## [DISINFECTANT]

FEATURE  
PRODUCT

### **Stay Fresh** – COMMERCIAL GRADE DISINFECTANT

A pleasantly scented commercial grade disinfectant designed to clean, deodorise and disinfect all hard surfaces areas.

Fragrances: Apple, Lemon, Musk, Vanilla, No Odour

Commercial  
Grade

Variety of  
Fragrances

Multi-Purpose

## [AIR FRESHENERS]

### **Air Freshener** – ODOUR ELIMINATOR

A highly concentrated air freshener with odour neutralising properties that actually remove unpleasant stale odours and smells from vehicle, workplace and home interiors. Fragrances: Auto Cologne, Blueberry, Banana, Musk, New Car, Strawberry, Tutti Fruitti, Vanilla

## [FLOOR CLEANERS]

### **Floorsmart** – SUITABLE FOR PAINTED FLOORS

Floorsmart is a heavy duty, low foam floor cleaner suitable for machine use. This product can also be used as a pre-spray degreaser on stubborn grime, dirt and grease.

### **Floorpower** – SOLVENT BOOSTED

A highly concentrated multi-purpose solvent based floor cleaner for workshop floors. Non-hazardous and highly effective.

## [KITCHEN & WASHROOM MAINTENANCE]

### **Grill Off** – OVEN & GRILL CLEANER

A highly concentrated, powerful liquid designed to clean ovens, grills and deep fryers with a neutral odour.

### **TBC 5000** – HOSPITAL-GRADE DISINFECTANT

A mild acid urinal and toilet bowl cleaner. Removes uric acid and rust stains safely, while at the same time, disinfects and deodorises any unpleasant smells.

### **Multikleen** – 1000+ USES

An economical heavy-duty spray and wipe cleaner that will make cleaning easy, leaving no streaks

### **Clear Image** – STREAK FREE

A glass, mirror and window cleaner that leaves a streak-free, shiny finish.

### **Toilet Tabs** – URINAL LOLLIES

Batch Products deodorant lollies are perfect for urinals within office space, workshop and shopping centre rest rooms. They are long lasting and release pleasant aroma that lingers

**No.1 CHOICE IN DISHWASHING**

### Apple Fresh Testimonial

*"Love the fact that I only have to use a smaller amount to wash my dishes. My dishes look a lot cleaner especially my mugs and smells a lot nicer. Don't have to scrub as hard. Also noted very gentle on my hands. Definitely will be buying from now on and letting my friends and family know how good it is."*

EMMA'S CLEANING SERVICE

#### KEY BENEFITS

Gentle on  
Hands
